

MINING IN TUMBLER RIDGE!

“With the creativity and commitment seen from the Conuma Team, we are earning long-term security in the internationally growing steel making industry. A strong quality and low-cost reputation, anchored with “Top Ranking” safety results, proves balanced excellence is a win-win future for our employees and communities alike.”

- Mark Bartkoski, President - Conuma Coal

LOOK A LITTLE CLOSER, YOU’LL BE SURPRISED!

Tumbler Ridge is an innovative community that continues to redefine what opportunity and quality of life are in Northern BC. We are an active and exciting town of adventurers, entrepreneurs, tradespeople, clean energy and resource professionals. We have affordable housing and unlimited recreational opportunities in a community where work-life balance isn’t just a saying but a reality.

OPPORTUNITY AWAITS! BRING YOUR JOB TO TUMBLER RIDGE

- The natural resource that provided an essential building block of the town of Tumbler Ridge; coal, is still an important and thriving part of our economic landscape.
- Conuma Coal, in operation since 2016, has provided over 800 jobs, and still has many opportunities available at their three mining operations near Tumbler Ridge & Chetwynd; Wolverine, Brule & Willow Creek.
- Skilled labour is highly sought after - from welders and heavy-duty mechanics to electricians and machinists, Tumbler Ridge has a wealth of employment opportunities. High paying mining jobs are waiting for you - where you can be home every night!
- Do you have your own business? Mining support businesses are in high-demand! Enjoy the incredible benefits of living in one of the most beautiful areas of BC!
- We are here to make your move to Tumbler Ridge as easy as possible. Please contact us with your relocation questions for assistance.

“The average annual pay for a mining worker in 2016 exceeded \$100,000, higher than the forestry, manufacturing, finance and construction sectors.”

TUMBLER RIDGE

BRITISH COLUMBIA, CANADA

Tumbler Ridge offers an abundance of opportunity for entrepreneurs, skilled workers and families. With natural resources, the four seasons, and energetic people, our community is growing as a desirable location for new residents and businesses.

Tumbler Ridge is investing heavily in our future and garnering both Provincial and International recognition for this work. Incorporated in 1981, the town of Tumbler Ridge was carved out of the wilderness to accommodate metallurgical coal mining activity in the area. Though still a new community of just over 2,500 people, we buck every stereotype of what a coal mining town should look like and be. Designed as a safe, walkable and family-friendly community, Tumbler Ridge offers clean and diverse neighbourhoods with parks, playgrounds, sports fields, modern, well-planned infrastructure and social and cultural amenities one would expect to find only in larger and longer-established communities.

Our tax rates are among the lowest in Canada, combined with low-cost housing. As a well-managed community and one of the most financially stable in the country, Tumbler Ridge is well positioned for growth. With new investments in mining, wind energy, small businesses, and an increase in tourism due to the designation as North America's second UNESCO Global Geopark, Tumbler Ridge has never looked better.

Tumbler Ridge will work with you, whether you are relocating for work, starting your own business, or joining our community as a new resident. We will connect you to the right people and provide you with the resources or information you need – demographics, schools, labour force, major employers, transportation, housing, healthcare, available properties and more.

If you're looking for land or buildings, we will collect the data required for your project including building permits, infrastructure and development costs, and help you experience a smooth completion of your project.

Please contact us for a customized package or to discuss the opportunities Tumbler Ridge has to offer.

CONUMA COAL RESOURCES LIMITED

Founded in mid-2016, Conuma Coal Resources is a stand-alone, metallurgical coal producer based in Northeast British Columbia, Canada. Conuma currently operates three surface mine operations at Brule, Wolverine & Willow Creek. With all three mines running, Conuma will mine +6.0M tonnes/year of high quality steel making coal, and provide more than 800 jobs and security for families in the Peace River Regional District, with more anticipated as they continue to grow. The vast weighting of Conuma Coal's recruiting effort is focused on those already local to Tumbler Ridge and Chetwynd, or those willing to relocate. This provides an extended benefit to the local economy.
