

# WIND ENERGY IN TUMBLER RIDGE!

“The District of Tumbler Ridge is a great place to do business. We are proud our 180 MW Meikle Wind facility is supporting economic development in the District through property taxes and community benefits.”

- David Durrant, Facility Manager at Meikle Wind

## LOOK A LITTLE CLOSER, YOU’LL BE SURPRISED!

Tumbler Ridge is an innovative community that continues to redefine what opportunity and quality of life are in Northern BC. We are an active and exciting town of adventurers, entrepreneurs, tradespeople, clean energy and resource professionals. We have affordable housing and unlimited recreational opportunities in a community where work-life balance isn't just a saying but a reality.

“British Columbia has some of the strongest, most consistent wind regimes in Canada and the ideal hydro resource base to integrate wind power.”

### OPPORTUNITY AWAITS! BRING YOUR JOB TO TUMBLER RIDGE

- Wind energy is one of the fastest growing major sources of new electricity around the world.
- Significant investment and growth in the wind energy sector over the past several years have made Tumbler Ridge a hot spot for this clean, green, renewable natural resource.
- The 180 MW Meikle Wind facility was completed here in 2017 - making it the biggest wind farm in BC.
- With clean energy being the way of the future, and an area of prime-potential for wind farms, opportunities await for future projects in Tumbler Ridge!
- New construction would provide many employment opportunities, as well as potential partnerships with local sub-contractors.
- Do you have your own business? Opportunities are available for wind-support businesses! Enjoy the incredible benefits of living in one of the most beautiful areas of BC!
- We are here to make your move to Tumbler Ridge as easy as possible. Please contact us with your relocation questions for assistance.

- Healthcare
- Virtual Workers
- Conferences

# TUMBLER RIDGE

## BRITISH COLUMBIA, CANADA

Tumbler Ridge offers an abundance of opportunity for entrepreneurs, skilled workers and families. With natural resources, the four seasons, and energetic people, our community is growing as a desirable location for new residents and businesses.

Tumbler Ridge is investing heavily in our future and garnering both Provincial and International recognition for this work. Incorporated in 1981, the town of Tumbler Ridge was carved out of the wilderness to accommodate metallurgical coal mining activity in the area. Though still a new community of just over 2,500 people, we buck every stereotype of what a coal mining town should look like and be. Designed as a safe, walkable and family-friendly community, Tumbler Ridge offers clean and diverse neighbourhoods with parks, playgrounds, sports fields, modern, well-planned infrastructure and social and cultural amenities one would expect to find only in larger and longer-established communities.

Our tax rates are among the lowest in Canada, combined with low-cost housing. As a well-managed community and one of the most financially stable in the country, Tumbler Ridge is well positioned for growth. With new investments in mining, wind energy, small businesses, and an increase in tourism due to the designation as North America's second UNESCO Global Geopark, Tumbler Ridge has never looked better.

Tumbler Ridge will work with you, whether you are relocating for work, starting your own business, or joining our community as a new resident. We will connect you to the right people and provide you with the resources or information you need – demographics, schools, labour force, transportation, housing, healthcare, available properties and more.

If you're looking for land or buildings, we will collect the data required for your project including building permits, infrastructure and development costs, and help you experience a smooth completion of your project.

Please contact us for a customized package or to discuss the opportunities Tumbler Ridge has to offer.
